## **STEP INTO INNOVATION**

Aprilia firmly believes in gearing towards a brighter future. And we believe that we must spearhead the move into tomorrow. And with the BS-VI ecosystem, we'll be able to achieve that dream. The Aprilia range of scooters have already introduced a green revolution with the Fi-injected technology. The all-new scooters comes with bright LED headlamp and taillamp as well as USB charger and a utility box light which together gives an overall superlative performance with enhanced technology. The Fi-technology also results in cleaner emissions and helps reduce the stress on our environment. So, it's safe to say that with Aprilia, you are quite literally, living in the future.

Designed for the new generation.  
Aprilia Storm now available with disc brake and digital cluster.

## #be **a** racer

Being a racer is not a profession but a way of being, something inside us, in our DNA. If you love getting in the saddle on your bike, feeling the wind flowing along the fairing and watching the world go by through your visor, we understand you. We have felt that way from our first rumble.
