**MAXIFY  
LIFE**

Witness a one-of-a-kind union of spectacular style, unmatched performance and extraordinary comfort in the newest sensation hitting the streets.

Designed in Italy, the all-new Aprilia SXR sets a new benchmark for quality and next-gen technology with a premium look and feel.

Today, we invite you to delve into a world of Aprilia, so that you don't just live life, you maxify it.

## *Unmatched Style*

Experience a maxifier design with the all-new Aprilia SXR that makes heads turn. This stunning new look, pairs premium and style in an effervescent combination, making you the talk of the town.

Imposing front stance aerodynamic design

Unique diamond-reflection wrap around LED taillights with integrated rear blinkers

Unique dual-tone style with a Chrome garnished exhaust

Impeccable looks with 3-coat HD body paint finish paired with matt black design trims

Dual geometry 5-spoke metallic grey alloy wheels with signature Aprilia branding

Unique Aprilia branding on the painted footboard

# An all-new design language

Sharp body lines, geometric contours, sporty bumpers showcasing superior craftsmanship

State-of-the-art wrap around LED-technology  
Twin Crystal headlights with integrated high beam, daytime eyeliner position and front indicator blinker lights

Imposing front stance  
aerodynamic design

Honeycomb grills

Steel finish steering geometry  
complemented with a  
well-designed front suspension

Impeccable looks with 3-coat HD body  
paint finish paired with matt black design trims

## *Superior Comfort and Convenience*

Comfort and convenience are at the centre of this masterpiece. Every aspect of the bike has been carefully crafted with making your ride the most comfortable one you've had yet.

Soft, perforated handle grips to keep your palms ventilated

Thick, raised, all-round rare grab rail for extra support

An enormous 7-liter fuel tank capacity

A bag hook in the front

Front lockable split glove boxes with a USB charging point

Specially designed easy-to-mount central stand

Ergonomically designed and well positioned steering handlebar with feather touch switches

Integrated dark flyscreen for protection from wind/dust

Dual telescopic front suspension and adjustable rear suspension for a soft smooth ride

Foot pegs and retractable footsteps for the rider and co-rider respectively

Ergonomically designed bucket seating crafted in art leather soft feel with special stitch patterns

## *Safe and Secure*

A high standard safety is not an option when riding the Aprilia SXR.  
It is a requirement. At Aprilia, we make sure that your ride as safe as  
it is thrilling.

Well positioned crystal-clear mirrors  
for perfect rear view

Under seat fuel-fill system for  
extra security

Shear point on the brake handle's end  
portion to keep brake levers intact in  
case of impact

5-spoke alloy wheels coupled  
with 12" wide pattern  
Nylogrip tires

Thick chassis construction  
with a strong built up for  
maximum strength

Anti-lock Braking System (ABS) in SXR 160  
and Combi Braking System (CBS) in SXR 125  
with ventilated disc brake and twin pots  
caliper hydraulic brakes

## *Superlative Technology and Performance*

Cutting-edge technology for a vintage premium brand. Beautiful, isn't it? The all-new Aprilia SXR gives you maximum performance and superlative efficiency no matter where it goes with you.

A smooth and convenient ride is at the heart of the all-new Aprilia SXR. We make sure that you get needed assistance no matter where you are in the country.

And all-new high-performance 125CC and 160CC BS VI, 3 valve fuel injection clean emission engine
