Power to play.

Remember when the world didn't have roads,
or rules and codes.

When there was just one big playground,
for you to drive around.

When there were no limits.

For your car, nor your imagination.

Remember that feeling?

Well, we're bringing it back.

Introducing the New Vento.

#PowerToPlay

A new way to describe style.

Get used to being the centre of attention with the New Volkswagen Vento. In mesmerising Sunset Red, it turns heads just as easily as it turns corners. The new GTI-inspired Honeycomb Grille, the bold Front and Rear Bumpers, all add to the new sporty charisma of the Vento. The striking new Bonnet will draw eyes from every side the second you arrive, while the new, sleek Side Skirts will keep those eyes glued. And the new Smoked Tail Lamps will make sure you even get a second glance every time you zoom by.

New Side Skirts

Lose the ability to blend in.

Introducing the mesmerising Sunset Red. Enough red to pump adrenaline through your veins and endorphins through your brain. Enough brilliance that it looks like a beautiful garnet that playfully flits between a spectrum of hues. And more than enough luster to get your heart racing the moment you lay your eyes on this stunning colour. Simply put, get in and race off into the sunset.

Power never looked so good.

The New Vento doesn't just grab your attention as it approaches, it leaves you wanting more. The stunning R16 'Portago' Alloys make a statement every time you go for a spin. The LED headlamps with Daytime Running Lights set you apart from the rest, while the sleek body-coloured Door Handles with Chrome Strip complement the Vento's distinct profile.

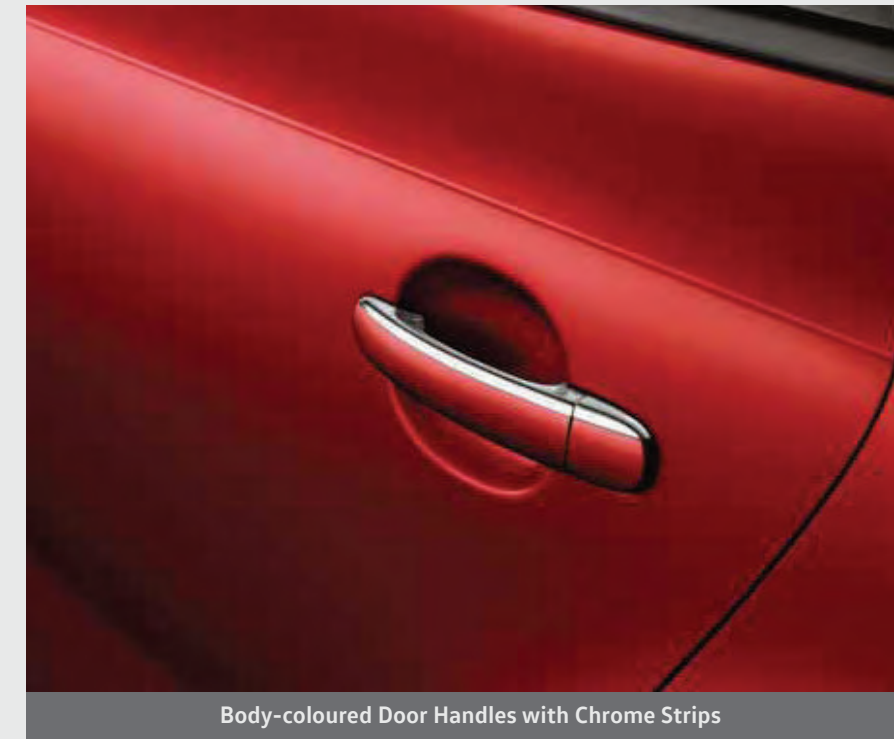

The Chrome Exhaust gives the machine its subtle, yet stately voice. The new Vento also comes with superior Fog Lamps and Cornering Lights, that give full visibility during rough weather. Its Electronically Foldable Side Mirrors with integrated Turn Indicators, can be controlled from your seat with a mere touch of a button.

Chrome Exhaust

The sleek Air Dam, Fog and Static Cornering Lights

Electronically Foldable Side Mirrors

Smart and sophisticated.

The fact that German Engineering is flawless is no secret. But with the New Vento, it travels one step further. The intuitive Touchscreen Infotainment System and Multi-Function Console, will not only find the best route to your destination, but make your journey a unique and enjoyable experience. The Flat-bottom, Multi-function Steering Wheel comes with *Voice Command Controls, and the Climatronic Air-conditioning lets you rule over the internal environment.

As you enjoy the music, the Cruise Control helps you maintain a steady speed and lets you coast down the road with ease. What's more, the New Vento makes parking absolutely effortless with the Reverse Parking Camera. Making it quite simply, a complete driving experience.

Auto-dimming Interior Rear-view Mirror

Automatic Rain-sensing Wipers

Rear AC Vent

Beyond comfort.

The interiors of the New Vento are adorned with plush beige leatherette upholstery, that's sophisticated, contemporary, and unmistakably Volkswagen. The Height-adjustment lever on the driver's side makes your journey even more comfortable. In case of night driving, the Vento comes prepared with an Auto-dimming Interior Rear-view Mirror to reduce the glare from trailing vehicles.

It's also equipped with an intelligent Rain Sensor to automatically signal the wipers at the slightest hint of rain. And to make the journey enjoyable for your co-passengers, it comes with a Foldable Armrest and a Rear Air-conditioning Vent. Step in and leave the world behind.

The power behind the vroom.

At the heart of the machine lies the revolutionary 1.2L TSI Engine that belts out 105 PS of raw power and 175 Nm of thrilling torque. But what really disrupts the category is the 7-speed Automatic Dual-shift Gearbox, our iconic automatic transmission that handles gears smoothly. This refined piece of technology promises an exhilarating performance and an unforgettable drive.

And if diesel is your preferred choice of power, we also have the mighty 1.5L TDI Engine with the same 7-speed Automatic DSG Transmission. More importantly, with a fuel consumption of 18.19 kilometres/litre* (TSI) and 22.15 kilometres/litre* (TDI), it gives you maximum power with minimum consumption. It's also available in a 1.6L petrol MPI Engine.

* As Certified under Rule 115 of CMVR, 1989 by certifying agency and actual on road average may vary.

Front and Side Airbags

Rear Parking Sensors and Reverse Parking Camera

Anti-pinch Power Windows

ABS

ESP

Hill-hold

Responsible power.

Safety has always been an integral aspect at Volkswagen and is central to the New Vento. The Electronic Stabilisation Programme (ESP), with Anti-lock Braking System (ABS) will make sure you stay in control on slippery roads or during heavy braking. On facing a steep incline, the Hill-hold function will prevent the car from rolling backwards.

The Anti-pinch Technology will stop the windows from closing on sensing even the slightest obstacle. Being equipped with Dual Front Airbags for added protection of the front occupants, as well as Side Airbags, Rear Parking Sensors and a Reverse Parking Camera, we ensure safety is an all-round affair. And to make sure nothing separates you from your car, the New Vento comes with an Electronic Immobiliser Anti-theft Device as standard.

*Refer to owner's manual for complete airbags functionality.

Carry your world.

The Vento makes space for all your needs. Whether it's a Cup Holder for your morning coffee or a Bottle Holder for that evening jog in the countryside. Or even a concealed Front Centre Armrest for essentials like mobile phones, make-up and much more. During hot summer days, the Cooled Glovebox is perfect for things that need a little extra cooling, especially on those long drives and weekend getaways.

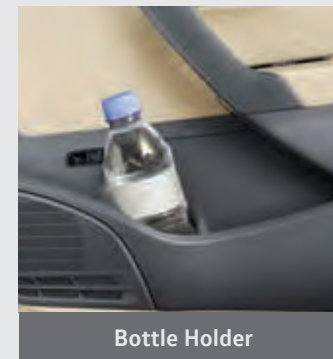

Comfortably load all your luggage into the illuminated 494-litre Boot. With its low loading height, we can say that we've left no stone unturned in making even the smallest journey a comfortable one.
