MOTORRAD**

THE BMW CE 04.

THE SILENT REVOLUTION.

You move around the world's cities and metropolitan regions exactly at the point where each project represents the first step towards the next new idea and you are also always on the move. We are familiar with this captivating dynamism as we have been applying it for over 10 years to develop solutions and concepts for urban electromobility, something that means far more nowadays than just getting from A to B. It is from this long-term innovative leadership that the BMW CE 04 is launching into a new era of design to seamlessly integrate into your everyday life thanks to its intelligent connectivity solutions. Quite simply #PluggedToLife.
